THE ARMY AND ITS ADVANTAGES.

Terms on which Young Men are invited to join Her Majesty's Forces.

INFANTRY.

A soldier who enlists in the Infantry engages to serve for 12 years, the first 6 years in the Army and the last 6 years in the Reserve.

The pay of an Infantry soldier while serving in the Army is 1*s.* 2*d.* a-day, with an additional 1*d.* "beer money."

Lodging, bedding, fuel and light are supplied free.

Good food is provided at less than cost price; at home, a daily ration, consisting of 1lb. of bread and ¾-lb. of meat, is supplied to soldiers for 4½*d.*, which is stopped from their pay; in the colonies, 1lb. of bread and 1lb. of meat is supplied for 3½*d.*

The soldier on first joining is clothed, and provided with brushes, razors, and all other necessaries, free of charge.

He is afterwards supplied annually with the principal articles of clothing; but is required to provide himself with some of the smaller articles, such as shirts and socks, and to keep up his supply of brushes, &c., at his own cost; these are furnished at a low price by Government; and the total expense to which he is put on this account does not, on an average, amount to a penny a-day.

In case of sickness, medical treatment in hospital, with proper food, &c., is provided for a stoppage of 10*d.* a-day from the soldier's pay.

By good conduct a soldier may obtain an increase to his pay of 1*d.* a-day after 2 years' service; and if he can read and write, and is deserving, he has every prospect of promotion to be non-commissioned officer, with a further increase of pay.

When a soldier is transferred to the Reserve for the last 6 years of his engagement, he receives 4*d.* a-day, in return for which he is liable to be drilled occasionally; the times of training and exercise will, however, be so arranged as to interfere as little as possible with his trade or occupation: he is also liable, in case of *imminent national danger or of great emergency*, to be recalled to service in the Army.

A soldier has no *right* to remain in the Army for more than 6 years, but the *privilege* of remaining in it for the whole 12 years will be allowed to such men as may be specially recommended by their commanding officers.

A soldier permitted to remain in the Army for the whole 12 years, if he has conducted himself well and is fit, may be allowed to re-engage, to complete 21 years' service; after which he will, on discharge, become entitled to a pension for life, varying from 8*d.* to 2*s.* 6*d.* a-day, according to his rank and service.

After completing 21 years' service he may apply to be allowed to remain for a further period in the Army. If his application be granted he will continue to serve as a soldier; and will be allowed to claim his discharge at any time, at the expiration of 3 months from the date of his giving notice to his commanding officer of his wish to leave the service.

During his extended service he may earn increased good conduct pay at the rate of—

2*d.* a-day after 6 years' service.
3*d.* " " 12 " "
4*d.* " " 18 " "
5*d.* " " 23 " "
6*d.* " " 28 " "

Digitized by Google

If recalled to service in the Army from the Reserve, a soldier will receive full daily pay, and the time he has served in the Reserve will reckon towards good-conduct pay, as if he had served continuously in the Army; and, if at the end of his limited engagement he re-engages, the time he has served in the Reserve will count year for year towards pension on discharge.

CAVALRY, ROYAL ARTILLERY AND ROYAL ENGINEERS.

A soldier who enlists in the Cavalry, Royal Artillery and Royal Engineers, engages to serve for 12 years in the Army; at the end of which period, if he has conducted himself well and is fit, he may be allowed to re-engage to complete 21 years' service, after which he will, on discharge, receive a pension for life, varying from 8*d.* to 2*s.* 6*d.* a-day, according to his rank and service.

The daily pay of a soldier in the Cavalry is 1*s.* 5*d.*, in the Royal Artillery 1*s.* 5½*d.*, and in the Royal Engineers 1*s.* 4½*d.*, with an additional 1*d.* "beer money" in each case.

A soldier in the Royal Engineers receives, in addition to his ordinary pay, extra "working pay," generally varying from 1*s.* to 2*s.* a-day, according to the nature of the work on which he is employed, and his qualifications; trained artificers and good workmen are, however, alone accepted as recruits for the Royal Engineers.

Soldiers in the Cavalry, Royal Artillery and Royal Engineers receive the same advantages as regards lodging, food, clothing, medical treatment, good conduct pay and extension of service as have been described as given to soldiers in the Infantry.

ALL ARMS.

In addition to the advantages already explained, canteens are established in which a soldier can buy beer, tobacco and other articles at cheaper rates than elsewhere. He has the benefit of a regimental school, in which he may get a sound and useful education; the use of a library, and recreation room; and, in most places, other means of amusement. In many places he has time and opportunities given him to learn a trade, by which he may earn money whilst in the Army, and be the better prepared for gaining his livelihood when he leaves the service.

If wounded in action, or in any way maimed in the performance of his military duties, he becomes entitled to a pension.

A deserving soldier, on his discharge, is well fitted, from his regular habits, for many situations—such as those in the police, on the railroads, or other employments in civil life—and a good character on discharge from the service gives him the best testimonial for such employment.

As an additional inducement to good men to join Her Majesty's service, advantages are given to soldiers who on leaving the Army may wish for employment in the Civil Service, and to soldiers in the Reserve who wish for employment as country post-office messengers.

There are few callings in civil life open to unskilled labour which promise to a steady and deserving young man such advantages as are offered to a soldier in Her Majesty's Service.

Adj. Gen.

Horse Guards, War Office,

FOREIGN ORDERS.

The attention of Officers is drawn to the following REGULATIONS which are those now in force respecting FOREIGN ORDERS and are to be strictly adhered to.

1. No subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Field Marshal Commanding in Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Cl. 13.—Small-Arm Ammunition.

1. Officers commanding will be held strictly responsible that small-arm ammunition is expended according to regulation, and that the requisitions show the purpose for which it is demanded.

2. The following addition will be made to the Certificate on Expense Voucher, W. O. Form 485:—

"And that the quantities of ammunition struck off charge have been expended "according to Regulations issued with Clause 206, Army Circulars, 1870."

1. Attention is directed to the practice of sending home the invalided wives and families of soldiers in mail steamers without waiting for the departure of a troop ship from the station.

2. Except in cases of great urgency, and when a continued residence at the station is attended with danger to life, the invalided wives and families should be sent home in troop ships and not in mail steamers or other vessels.

3. Should it be considered advisable, owing to exceptional circumstances to grant passages to them in hired vessels, it must be understood that they cannot be re-conveyed to their former station at the public expense, until passage can be provided for them in a troop ship.

Cl. 16.—Ration Allowance for Soldiers while Travelling.

1. A soldier proceeding on a mixed journey partly by road or railway and partly by sea will, provided he performs a continuous journey by land and sea of 150 miles (and provided also no sea or shore ration is drawn for him) be granted an allowance of 10*d.* to provide himself with food while travelling.

2. The Regulations granting a ration allowance when a soldier travels only by rail (W. O. Circular 47), and also when he proceeds coastwise by steamer (Clause 100, Army Circulars, 1871), will still remain in force.

3. The allowance provided for in paragraph 1 will not be issued concurrently with those provided for under War Office Circular 47 and Clause 100, Army Circulars, 1871.

Cl. 1.

1. Applications for leave of absence to adjutants of the Auxiliary Forces will be forwarded (on W. O. Form 1634, given in Appendix) by commanding officers to the War Office, through the general officer commanding the district. The exact period of the proposed leave of absence, and also the period during which the adjutant has already been absent in the current year (beginning, in the case of adjutants of Militia, on 1st August, and in that of adjutants of Yeomanry and Volunteers, on 1st April), will be stated on the application.

3. The adjutant's application for leave of absence will be made not less than a fortnight before the day on which he proposes to proceed on leave.

4. Commanding officers will on their own responsibility grant leave of absence for any period not exceeding a fortnight, but if the period exceed a week, the fact of their having sanctioned the leave will be reported to the general officer commanding the district through the proper channel of communication, and also direct to the War Office.

MILITIA.

Cl. 4.—Training of Militia Regiments.

1. Whenever it may be deemed necessary, either on account of the prevalence of an epidemic, or from any other cause, to dispense with the training of a Militia regiment, or to reduce the period for which a Militia regiment may have been called out for training and exercise, general officers commanding will at once communicate with the Secretary of State, with a view to the necessary order being given by Her Majesty, as required by law, either through such Secretary of State, or with the advice of Her Privy Council, for dispensing with the training, or for the reduction of such period.

2. In either case no claim for pay will be entertained for any day on which the men were not assembled for training.

Cl. 5.—Appointment of Artillery Militia Subalterns.

With reference to paragraph 18, clause 9, Auxiliary and Reserve Forces Circulars, 1872, subalterns of Artillery Militia regiments will not be attached to a regiment of the Army for two months; but may be attached for two months to a Royal Artillery garrison, or one month to an Infantry regiment and one month to an Artillery garrison.

Cl. 6.—Age of Candidates for Militia Commissions.

1. Except in the case of officers who have served in the Army, no candidate will be eligible for a commission as lieutenant in the Militia who is above 30 years of age, nor for a commission as captain if he be above 35 years of age.

2. An officer who has served upwards of three years in the Army will, however, be eligible for a commission as lieutenant if his age does not exceed 35 years, or for a commission as captain provided that he is not more than 40 years of age.

Cl. 7.—Militia Reserve.

1. Men belonging to the Militia Reserve may be enlisted for a second period of service in the Reserve at the same time that they are enrolled for a further period of service in the Militia, provided that they are under 34 years of age, and that their commanding officers are satisfied as to their health and fitness for Army service.

2. The Reserve Bounty of 1*l.* will not be paid to these men on enlistment for their second term of service, but at the end of the first training after such enlistment.

VOLUNTEERS.

Cl. 8.—Certificates of Efficiency.

(Issued as a Special Circular, on 24th October, 1872.*)

1. From 1st November, 1872, a volunteer, in order to obtain a Certificate of Efficiency, must fulfil the conditions prescribed in Her Majesty's Order in Council, dated 27th July, 1863, as amended by the Order in Council, dated 15th October, 1872 (given in pages 3—6 of the Appendix).

* Attention is called to Para. 8 and 9, which have been added since the special issue of 24th October; also to the alteration in Para. 7, and to the modification in the 1st part of the First Annual Course for Drilled Engineer Volunteers (page 17).

Digitized by Google

AUXILIARY, &c. CIRCULARS—*continued.*

2. Article 67 and Appendix QQ. of the Volunteer Regulations, 1863, are accordingly cancelled from the 1st November, 1872.

3. The courses of instruction for engineer volunteers, referred *to* in paragraphs (*g*) and (*h*), Clause 2, of the Scheme annexed to the last-named Order in Council, are given at pages 17 and 18, and the revised forms of Certificates of Efficiency to be used on 1st November, 1873, and in subsequent years, are given at pages 19 to 23 of the Appendix.

4. Where it can be proved to the satisfaction of the Secretary of State that, from the circumstances of locality, it is not possible for the members of a rifle volunteer corps to fire five rounds of blank ammunition in a squad of five files or upwards, the issue of the capitation grant will not be withheld, provided such members, otherwise qualified for efficiency, have fired the same number of rounds in squads of not less than 2 files.

5. In order that a rifle volunteer may become efficient, so far as target practice is concerned, by firing twenty or forty rounds only and passing into the 2nd Class, a classification will be made after firing the first period, instead of postponing it till after the second, as prescribed in paragraphs 39 to 42, pages 207 and 208 of the Rifle Exercises and Musketry Instruction, 1870. Any volunteer who fails to make thirty-six points in the first period may repeat his practice in the 3rd Class.

6. Any commanding officer who has reckoned drills and class firing of November 1872, as well as those of November, 1871, for the current Volunteer year, must bear in mind that drills and class firing so reckoned cannot be again counted towards efficiency for the year ending 31st October, 1873.

7. The capitation allowances issued during the financial year 1873—4, being based upon the Annual Returns of 1st November, 1872, will be issued in accordance with Articles 259 to 262 of the Volunteer Regulations, 1863, subject to the modification as to honorary officers contained in Volunteer Circular No. 40, and to that as to combatant officers in Clause 11, Auxiliary and Reserve Forces Circulars, 1873, and to the alteration of the rate of travelling allowance from 4*s.* to 5*s.*

8. Commanding officers and adjutants are reminded that only volunteers to whom Certificates of Efficiency have been granted, and officers qualified under Clause 11 above quoted, can be returned in the List of Efficients in the Annual Return.

9. Although a mounted rifle, or rifle, volunteer wishing to obtain exemption in future from the requirement of ball practice, must, in earning the Volunteer Marksman's Badge, fire the *whole* of his sixty rounds under the *personal superintendence* of the adjutant (or other officer appointed by the Secretary of State to act as such), such badge *not carrying the above exemption* may be obtained as heretofore, under the superintendence of an officer or serjeant instructor of an administrative regiment or corps.

Cl. 9.—Certificates of Proficiency—Quartermaster Serjeants.

The following addition has been made to W. O. Form 854, page 95 of Auxiliary and Reserve Forces Circular, 28th May, 1872:—

In the case of a Quartermaster Serjeant, signature of the Adjutant, and of the Quartermaster (if holding a Certificate of Proficiency), countersigned by the Commanding Officer ... ... } _____ _____ _____

Cl. 10.—Certificates of Proficiency—Medical Officers of Volunteers

1. Paragraph 43, Clause 9, Auxiliary and Reserve Forces Circulars, 1872, does not apply to medical officers. The examination fixed for these officers by § 5 of Clause 3 is not compulsory, but is prescribed in order to enable medical officers, if they should desire it, to obtain Certificates of Proficiency, and thus earn for their corps the special capitation allowance of 2*l.* 10*s.* under Clause 29.

2. The words in parenthesis in the first paragraph of the certificate of proficiency (W. O. Form 855) given at page 96 of the Auxiliary and Reserve Forces Circular dated 28th May, 1872, will be struck out, and the following substituted: "who is registered under the Medical Act of 1858 as qualified to practise medicine and surgery in Great Britain and Ireland."

Cl. 11.—Capitation Allowances on account of Officers.

1. The following paragraph is substituted for paragraph 1, Clause 39, of Auxiliary and Reserve Forces Circulars, 1872.

2. Capitation allowances will not be granted for combatant officers, unless they have attended the drills prescribed for efficients (not being recruits) of their respective arms. Non-combatant officers must give a similar *number* of attendances, but such attendances may include drills of any kind (including the inspection), and gun practice or class firing.

AUXILIARY, &c. CIRCULARS—*continued.*

Cl. 12.—Standard of Height for Artillery Volunteers.

No person under 5 feet 6 inches (except growing lads of 5 feet 5 inches and upwards), will in future be enrolled as Artillery volunteers.

This allowance will be paid by the adjutant to the medical attendant, and charged in his accounts. The charge must be vouched by the adjutant's certificate of the actual number of persons for whom the allowance is strictly chargeable, and by the receipt of the medical attendant, whether he be the medical officer of volunteers or a private practitioner.

2. The term "family" will include in case of the adjutant, wife, unmarried daughters, and sons under 16 years of age; and in that of a serjeant instructor, wife, and children under 16 years of age.

3. The above will apply also to non-commissioned officers of the Militia and First Class Army Reserve, attached as drill instructors to administrative regiments or corps of volunteers, under the Secretary of State's authority.

AUXILIARY, &c. CIRCULARS—*continued.*

2. If required, straw will be supplied on prepayment, and can, with advantage, be made into mats in the manner prescribed at page 17 of the Regulations and Instructions for Encampments.

3. W. O. Form 1645 (printed in the Appendix) has been revised accordingly.

Cl. 15.—Regimental Camps.

1. The attention of commanding officers of Volunteers is called to paragraph 3 of Clause 36, Auxiliary and Reserve Forces Circulars, 1872. No application for the formation of Regimental Camps of Instruction will be entertained unless received on or before the date mentioned in that clause,—viz., 30th April.

2. General officers will, previously to submitting the applications to the Adjutant General for the Secretary of State's approval, arrange with commanding officers of regiments or corps concerned, the dates at which, if approved, the respective camps will be formed, so that in each district only as many corps shall be encamped at the same time as the convenience of the service will permit.

Cl. 16.—Drill Instructors.

1. When a volunteer corps has a company at a greater distance than five miles from head-quarters, and when there is no nearer corps in which the members of the company might have been enrolled, a serjeant instructor may proceed at the public expense to drill such company under the provisions of Volunteer Circular No. 37.

2. Should it be impracticable to provide for the instruction of the company in this manner, the Secretary of State will consider an application for the appointment of an additional instructor at the public expense.

Cl. 17.—Surplus Arms.

(Issued as a Special Circular on 12th November, 1872.)

Commanding officers of volunteer corps having surplus arms in possession, will place themselves in communication with the district controllers, with a view to the return of such arms into store, unless there is an immediate prospect of their being required for recruits. In the case of an administrative regiment the communications will, as usual, be forwarded through the field officer commanding. Commanding officers will report to the War Office the number of arms returned.

YEOMANRY.

Cl. 18.—Leave of Absence.

1. An officer of Yeomanry who from special circumstances wishes to obtain leave of absence from permanent duty, will apply officially to the officer commanding his regiment, stating the grounds on which he makes his application. The commanding officer will forward the application to the general officer commanding the district with his remarks, stating if the officer had leave the previous year, and recommending compliance with the application or not, as he may think fit. The general officer commanding will grant or withhold the leave according to his discretion; but in all cases in which he refuses leave, he will report his reasons for doing so.

2. Should the parliamentary duties of an officer who is a peer or member of parliament prevent him from attending permanent duty, he will, if he be in command of a regiment, report the same in writing to the general officer commanding in the district. Other officers will report to the officer commanding their regiment.

Cl. 19.—Musketry Instruction—Yeomanry.

1. Serjeants on the permanent staff who are in possession of a certificate of qualification from the School of Musketry, will be granted the sum of 1*s.* a-day for the actual period they are engaged in giving instruction in musketry to Yeomanry regiments, not exceeding altogether three days for each troop yearly.

2. If, however, the annual course of musketry instruction takes place during the time Yeomanry regiments are assembled for permanent duty, this extra duty pay will not be granted.

ARMY RESERVE.

Cl. 20.—Pay of Men imprisoned by Civil Power.

Men of the 1st Class Army Reserve are not entitled to pay, and men of the 2nd Class are not entitled to the proportion of annual bounty, for any period during which they may be imprisoned by detention or sentence of the civil power.

W. O. FORMS.

Cl. 21.

1. W. O. Form 1646 (application from Volunteer Corps to receive instruction with Regular Troops) is obsolete, and has been cancelled.

2. In par. 2, Clause 59, Auxiliary and Reserve Forces Circular, 1872, for W. O. Book 422 *read* W. O. Form 422.

G.O. 1.—Honduras, Indian Raid on.

I. The Field Marshal Commanding in Chief having received a report of the attack made by a band of Ycaiché Indians on the outpost at Orange Walk, British Honduras, on the 1st September, 1872, and of their repulse by the detachment consisting of 38 men of the 1st West Indian Regiment, under the command of Lieutenant Joseph Graham Smith,—since promoted to a company in 97th Regiment,—desires to express to that officer, to Staff Assistant Surgeon J. D. Edge, and to the non-commissioned officers and men, His Royal Highness's commendation of their gallant and successful defence of the barrack against the determined assaults of the enemy, whose object was the plunder and destruction of the settlement.

II. His Royal Highness also desires to mark his approval of the conduct of Serjeant Edward Belizario, Lance Corporals Spencer, and Stirling, and Privates Hoffer, Maxwell, R. A. Morris, Murray, S. Osborne, and W. Fell, who have been specially brought to notice on this occasion.

III. Among the civilians who assisted the military in the defence of the barrack, Messrs. Dormer, police magistrate, Henry Oswald, Price and Bordern were conspicuous, and the Duke of Cambridge has much pleasure in placing on record his appreciation of their behaviour.

G.O. 2.—Staff College.

I. The subjoined list of officers who have passed the final examination of the Staff College is published for the information of the Army, the names being arranged in regimental order.

II. These officers will join their respective regiments (or depôts, should the regiments be abroad) on the 1st February next, and do duty therewith until the 1st May, on which date they will report themselves to the general officer commanding at Aldershot.

Capt. Gardner passed a good examination in French as a voluntary subject.
Capt. Milner passed a very good examination in German as a voluntary subject.
Lieut. Buxton passed a very good examination in Hindustani as a voluntary subject, and a good examination in Italian as an extra subject.
Lieut. Hart passed a very good examination in Geology as a voluntary subject.
Lieut. Hall passed a very good examination in Geology as a voluntary subject.
Capt. Gossett passed a good examination in Geology as a voluntary subject, and in Landscape Drawing as an extra subject.
Capt. de Montmorency passed a very good examination in German as a voluntary subject, and in Spanish as an extra subject. He is specially recommended for employment in the Topographical Department of the War Office.
Lieut. Graham passed a very good examination in Landscape Drawing as an extra subject.

G.O. 3.—Transfers of Regimental Officers.

Applications from officers to be transferred from one regiment to another are to be made to the Military Secretary in the same manner as applications for exchange, and are invariably to be accompanied by the form of declaration and medical certificate prescribed in G. O. 89 of 1870.

G.O. 4.—Clothing.

In reference to G. O. 64 of 1872, it is to be understood that the suit of plain clothes supplied to a soldier on discharge with ignominy, or as a worthless character, is to be issued by the governor of the gaol, on the expiration of the man's imprisonment, and not by the officer commanding his regiment.

G.O. 5.—Applications for Routes.

I. Attention has been called to the inconvenience caused by non-commissioned officers and men belonging to the Royal Engineers, and to the Control Department, having been moved without routes.

II. It must be clearly understood that, as a rule, no man of any arm of the service is to be moved before the requisite route is obtained, application for which can, if necessary, be made by telegraph.

III. In a case, however, of extreme emergency when a non-commissioned officer or soldier has to be sent without a route, a covering route should be immediately applied for.

GEN. ORDERS—*continued.*

IV. When non-commissioned officers or men proceed to a military station on a special duty they should be attached to the troops there for quarters and rations.

G.O. 6.—Garrison Instruction.

I. With reference to that part of paragraph 7 of G. O. 65, of 1870, which relates to the formation of the boards of examination for the special army examinations, each garrison instructor will be a member of the board of examination assembled at his own station.

II. In future at all stations where the classes of garrison instruction are likely to be much affected by the absence of officers whose regiments are engaged in the autumn manœuvres, the second half-yearly course will begin on the 1st July instead of the 1st August, and will be suspended for the month in which the manœuvres are to take place, at the conclusion of which the courses will be resumed by the original classes.

III. In future the garrison instructor at each station will give a series of lectures on the "elements of tactics" during each course, the lectures to be based on, and confined to the syllabus, Appendix A, to G. O. 80 of 1872.

IV. At the discretion of general officers commanding stations, lectures might occasionally be given with great advantage, by the garrison instructors, or other officers selected for the purpose, for the benefit of the whole garrison. Such lectures might enter more deeply into the subject selected than those given to the garrison instruction classes.

V. His Royal Highness has remarked with regret that few officers of cavalry attend the classes of garrison instruction. A knowledge of reconnaissance and field sketching is, if possible, of more importance to a cavalry than to an infantry officer, and His Royal Highness hopes that in future, officers of cavalry will avail themselves more freely of the opportunities of acquiring such knowledge.

G.O. 7.—Tolls.

I. The exemption of troops, under clause 73 of the Mutiny Act, from the payment of tolls, only applies to tolls established by Act of Parliament, and does not exempt troops from fees exacted from the public by private owners for permission to pass over their bridges or lands.

II. Commanding officers can always ascertain whether a toll is authorized by Parliament, by referring to the board at the gate.

By command,

RICHARD AIREY,
Adj. Gen.

G.O. 10.—Fines for Drunkenness.

When it is supposed that a fine, under the Regulations in G. O. 28 of 1872, has been improperly levied, commanding officers will report all the circumstances to the general officer commanding the division, district or station, who will decide the question on the spot, and whose decision will be final.

G.O. 13.—Army Signalling.

Officers commanding Corps which have been provided with certificated instructors and assistant instructors in Army signalling, are directed to report forthwith to the quartermaster general, through general officers commanding districts, the names of any instructors or assistant instructors whose services have ceased to be available, stating from what date and from what cause.

Future vacancies in the above appointments are to be immediately reported in like manner to the quartermaster general.

Erratum.

In G. O. 97 of 1872, the paragraph of the "Queen's Regulations and Orders for the Army" referred to, should be 285, and not 284.

Officers are recommended, not *required*, to provide themselves with Mr. Clode's work.

By command,

RICHARD AIREY,
Adj. Gen.
